Buying and Selling Shares

The Company's Ordinary shares can be bought and sold in the same way as any other company quoted on the London Stock Exchange via a stockbroker. There may be tax implications in respect of selling all or part of your holdings, so shareholders should contact their independent financial adviser if they have any queries.

The Company operates a policy of buying its own shares for cancellation as they become available. The Company is, however, unable to buy back shares directly from shareholders. If you are considering selling your shares or trading in the secondary market, please contact the Company's Corporate Broker, Matrix Corporate Capital ('Matrix').

Matrix is able to provide details of close periods (when the Company is prohibited from buying in shares) and details of the price at which the Company has bought in shares. Matrix can be contacted as follows:

Chris Lloyd 0203 206 7176
 chris.lloyd@matrixgroup.co.uk

Paul Nolan 0203 206 7177
 paul.nolan@matrixgroup.co.uk

Notification of Change of Address

Communications with shareholders are mailed to the registered address held on the share register. In the event of a change of address or other amendment this should be notified to the Company's Registrar, Capita Registrars, under the signature of the registered holder. Their contact details can be found at the end of this report.

Other Information for Shareholders

Previously published Annual Reports and Half-yearly Reports are available for viewing on the Investment Manager's website at www.octopusinvestments.com by navigating to Services, Investor Services, Venture Capital Trusts, Octopus Apollo VCT 1. All other statutory information will also be found there.

Warning to Shareholders

Many companies are aware that their shareholders have received unsolicited phone calls or correspondence concerning investment matters. These are typically from overseas based "brokers" who target UK shareholders offering to sell them what often turn out to be worthless or high risk shares in US or UK investments. They can be very persistent and extremely persuasive. Shareholders are therefore advised to be very wary of any unsolicited advice, offer to buy shares at a discount or offer for free company reports.

Please note that it is very unlikely that either Octopus Investments or the Company's Registrar would make unsolicited telephone calls to shareholders and that any such calls would relate only to official documentation already circulated to shareholders and never in respect of investment "advice".

If you are in any doubt about the veracity of an unsolicited phone call, please call either Octopus Investments, or the Registrar, at the numbers provided at the back of this report.

ABOUT OCTOPUS APOLLO VCT 1 PLC

Octopus Apollo VCT 1 plc (“Apollo 1”, “Company” or “Fund”) is a venture capital trust (“VCT”) and is managed by Octopus Investments Limited (“Octopus”).

The Fund was launched in May 2006 together with Octopus Apollo VCT 2 plc. Both companies have identical investment policies, and together launched an offer for subscription comprising 25,000,000 Ordinary shares each, or 50,000,000 in aggregate (the “Offer”). The Offer closed on 5 April 2007 having raised £17.6 million in aggregate (£16.8 million net of expenses). The objective of the Fund is to invest in a diversified portfolio of UK smaller companies in order to generate income and capital growth over the long-term.

Venture Capital Trusts (VCTs)

VCTs were introduced in the Finance Act 1995 to provide a means for private individuals to invest in unlisted companies in the UK. Subsequent Finance Acts have introduced changes to VCT legislation. The tax benefits currently available to eligible new investors in VCTs include:

- upfront income tax relief of 30%
- exemption from income tax on dividends paid; and
- exemption from capital gains tax on disposals of shares in VCTs

The Company has been approved as a VCT by HM Revenue & Customs. In order to maintain its approval, the Company must comply with certain requirements on a continuing basis. Above all, the Company is required at all times to hold at least 70% of its investments (as defined in the legislation) in VCT qualifying holdings, of which at least 30% must comprise eligible Ordinary shares. For this purpose, a ‘VCT qualifying holding’ consists of up to £1 million invested in any one year in new shares or securities of a UK unquoted company (which may be quoted on AIM) which is carrying on a qualifying trade, and whose gross assets at the time of investment do not exceed a prescribed limit. The definition of ‘qualifying trade’ excludes certain activities such as property investment and development, financial services and asset leasing. The Company will continue to ensure its compliance with these qualification requirements.

CHAIRMAN'S STATEMENT

Introduction

I am pleased to present the half-yearly report of Octopus Apollo VCT | plc for the period ended 31 July 2011.

Performance

The Fund has performed positively in the first 6 months of the year, with the NAV increasing from 92.3 pence per share to 93.0 pence per share and when adding back the 1.5 pence dividend that was paid in the period, this amounts to an increase of 2.4% for the half year.

This is partly due to an uplift in portfolio valuations of £144,000, but also due to the increased levels of interest income that the Fund now generates, over and above the running costs of the Fund.

Investment Portfolio

Follow on VCT qualifying investments were made into CSL DualCom and Autologic where in both cases the Investment Manager has been able to negotiate more favourable lending terms, enabling the Fund to receive higher rates of interest on the cash deployed.

In the case of Autologic, the deal was structured whereby the Fund was able to acquire equity at a discounted rate, allowing for an immediate gain in value to be recognised. This has accounted for the majority of the uplift in portfolio valuations recognised in the period.

A new investment has been made into Kala Power. This is a company that has constructed solar power units to be connected to the National Grid. This investment was made as your Board and Investment Manager believe that solar represents an appropriate investment opportunity. This is because it is a

well-established, reliable form of technology that offers more predictable returns in exchange for minimal risk due to the government administered Feed-in-tariff (FiT) scheme.

The UK government introduced a 25 year FiT in April 2010 to encourage greater investment into renewable energy. FiT is a form of cashback, with guaranteed payments (the rates of FiTs go up along with inflation) made to households, organisations or companies that produce electricity from renewable sources, either for themselves or to be exported back to the National Grid.

Investment Strategy

The Fund continues to be managed in line with the mandate that was set out in the prospectus whereby investments are made on the basis of taking less risk than a typical VCT. Generally the Fund receives its return from interest paid on secured loan notes as well as an exposure to the value of the shares of investee companies. The investment strategy is to derive sufficient return from the secured loan notes to achieve the Fund's investment aims and to use the equity exposure to boost returns.

The Investment Manager continues to be able to identify appropriate investment opportunities to meet these objectives. This is possible as the cost of borrowing for private companies remains high, despite short term deposit rates yielding zero returns.

Dividend and Dividend Policy

Dividends paid out of a VCT are attractive as are received by shareholders free of tax. It is for that reason your Board makes every effort to maintain a consistent dividend flow when possible. Given the performance of the Fund,

your Board has proposed a dividend of 1.5 pence per share (payable from revenue reserves) in respect of the half year end. This will be paid on 18 November 2011 to shareholders on the register on 21 October 2011.

This follows the 1.5 pence dividend that was paid to shareholders on 8 July 2011 in relation to the year ended 31 January 2011.

VCT Qualifying Status

PricewaterhouseCoopers LLP provides the Board and Investment Manager with advice concerning ongoing compliance with Her Majesty's Revenue & Customs (HMRC) rules and regulations concerning VCTs. The Board is pleased to announce it has been advised that Octopus Apollo VCT 1 plc is in compliance with the conditions laid down by HMRC for maintaining approval as a VCT.

A key requirement is to maintain at least the 70% qualifying investment level. As at 31 July 2011, 85.2% of the portfolio, as measured by HMRC rules, was invested in VCT qualifying investments.

Principal Risks and Uncertainties

The principal risks and uncertainties are set out in note 6 of the Notes to the Half-Yearly Report on page 16.

Outlook

Uncertainty over the current economic climate continues both from a domestic and international point of view which has had the effect of dissuading investors from small unquoted companies. However, although the Investment Manager is having to work closely with Bruce Dunlop, a company which has had difficulties, all other investments continue to trade positively.

Our interests remain aligned with that of the entrepreneurs' companies we have invested into, being that of boosting growth and profitability, and we have confidence that the Fund has been successful in adhering to the lower risk mandate offered in the prospectus. We therefore expect the Total Return to continue to make progress.

If you have any questions on any aspect of your investment, please call one of the team on 0800 316 2347.

RESPONSIBILITY STATEMENT OF THE DIRECTORS' IN RESPECT OF THE HALF-YEARLY REPORT

We confirm that to the best of our knowledge:

- the half-yearly financial statements have been prepared in accordance with the statement "Half-Yearly Financial Reports" issued by the UK Accounting Standards Board;
- the half-yearly report includes a fair review of the information required by the Financial Services Authority Disclosure and Transparency Rules, being:
 - an indication of the important events that have occurred during the first six months of the financial year and their impact on the condensed set of financial statements.
 - a description of the principal risks and uncertainties for the remaining six months of the year; and
 - a description of related party transactions that have taken place in the first six months of the current financial year; that may have materially affected the financial position or performance of the Company during that period and any changes in the related party transactions described in the last annual report that could do so.

NOTES TO THE HALF-YEARLY REPORT

1. Basis of preparation

The unaudited half-yearly results which cover the six months to 31 July 2011 have been prepared in accordance with the Accounting Standard Board's (ASB) statement on half-yearly financial reports (July 2007) and adopting the accounting policies set out in the statutory accounts of the Company for the year ended 31 January 2011, which were prepared under UK GAAP and in accordance with the Statement of Recommended Practice for Investment Companies issued by the Association of Investment Companies in January 2009.

2. Publication of non-statutory accounts

The unaudited half-yearly results for the six months ended 31 July 2011 do not constitute statutory accounts within the meaning of s.415 of the Companies Act 2006. The comparative figures for the year ended 31 January 2011 have been extracted from the audited financial statements for that year, which have been delivered to the Registrar of Companies. The independent auditor's report on those financial statements, in accordance with chapter 3 of part 16 of the Companies Act 2006, was unqualified. This half-yearly report has not been reviewed by the Company's auditor.

3. Earnings per share

The earnings per share figures as at 31 July 2011 are calculated on the basis of 8,693,486 (31 July 2010: 8,693,486 and 31 January 2011: 8,693,486) shares, being the weighted average number of shares in issue during the period.

There are no potentially dilutive capital instruments in issue and, therefore, no diluted earnings per share figures are relevant. The basic and diluted earnings per share are therefore identical.

4. Net asset value per share

The net asset value per share is based on net assets as at 31 July 2011 divided by 8,693,486 (31 July 2010: 8,693,486 and 31 January 2011: 8,693,486) shares in issue at that date.

5. Dividends

The interim dividend of 1.5 pence per share for the six months ending 31 July 2011 will be paid on 18 November 2011, to those shareholders on the register on 21 October 2011. This will be paid from revenue reserves.

A final dividend, for the year ending 31 January 2011, of 1.5 pence per share was paid on 8 July 2011 to shareholders on the register on 10 June 2011, comprising a payment of 0.75 pence from revenue reserves and 0.75 pence from capital reserves.

6. Principal Risks and Uncertainties

The Company's assets consist of equity and fixed-rate interest investments, cash and liquid resources. Its principal risks are therefore market risk, credit risk and liquidity risk. Other risks faced by the Company include economic, loss of approval as a VCT, investment and strategic, regulatory, reputational, operational and financial risks. These risks, and the way in which they are managed, are described in more detail in the Company's Annual Report and Accounts for the year ended 31 January 2011. The Company's principal risks and uncertainties have not changed materially since the date of that report.

7. Related Party Transactions

Octopus acts as the Investment Manager of the Company. Under the management agreement, Octopus receives a fee of 2.0 per cent per annum of the net assets of the Company for the investment management services. During the period, the Company incurred management fees of £61,000 (31 July 2010: £85,000 and 31 January 2011: £167,000) payable to Octopus. At the period end there was £nil (31 July 2010: £nil and 31 January 2011: £nil) outstanding to Octopus. Furthermore, Octopus provides administration and company secretarial services to the Company. Octopus receives a fee of 0.3 per cent per annum of net assets of the Company for administration services and £7,500 per annum for company secretarial services.

8. A version of this statement will be made available to all shareholders. Copies are also available from the registered office of the Company at 20 Old Bailey, London, EC4M 7AN, and will also be available to view on the Investment Manager's website at www.octopusinvestments.com.
