About Eclipse VCT 4 plc

Eclipse VCT 4 plc (“Eclipse 4” or “Company”) is a Venture Capital Trust (“VCT”) which aims to provide shareholders with attractive tax-free dividends and long-term capital growth.

Eclipse 4 invests primarily in unquoted and AIM-quoted companies and aims to deliver absolute returns on its investments. Eclipse 4 was launched in August 2005 and raised approximately £29.1 million (£28.7 million net of expenses) through an offer for subscription which closed on 5 April 2006.

The Investment Manager is Octopus Investments Limited (“Octopus” or “Manager”). Eclipse 4 co-invests with three other Eclipse funds which are all managed by the same investment team at Octopus. This allows Eclipse 4 to invest in a wider range of opportunities and in larger and more developed companies than are typically available to a single VCT.

Chairman's Statement

I am delighted to report an uplift in the Net Asset Value ("NAV") of the portfolio in the year to 31 August 2007.

Results Review

In the year to 31 August 2007, the NAV per share increased over 5.6% from 95.7p to 101.1p net of dividends. The Investment Manager realised a gain of nearly £1.1 million during the year from the disposal, either wholly or partially, of a number of investments which are discussed below. Further details are included within the Investment Manager's Review including a review of the performance of the investments, the key performance indicator by which the Board measures the performance of the Company. Consequently, the Board has proposed a dividend of 1.5p per share to be paid on 19 February 2008 to shareholders on the register on 25 January 2008. This will take cumulative dividends to 2.2p per share since the Fund's launch. The total return to shareholders, before payment of this dividend, is 7.2%. This is before taking into account the 40% upfront tax relief received by initial subscribers.

The table below shows the movement in NAV per share and lists the dividends that have been paid since the launch of Eclipse 4:

Period Ended	NAV	Dividend	NAV + cumulative dividends
28 February 2006	94.9p	–	94.9p
31 August 2006	95.7p	–	95.7p
28 February 2007	103.0p	0.7p	103.7p
31 August 2007	101.1p	–	101.8p

Investment Portfolio

During the year, sixteen new investments were made and four investments fully disposed of. New investments totalled over £9.5 million in seven unquoted companies and nine AIM-quoted companies. As well as the full disposals, profits were also taken in a further AIM investment Tanfield Group plc. Of particular significance were our investments in Worthington Nicholls plc and James Harvard International Limited which generated returns of 134% and 120% respectively. Within the portfolio we have a further £1.7 million of unrealised profit on our investments.

On a less positive note a provision has been made against the investment in NPI Media Group Limited and a further provision has been made against our investment in Red-M. Octopus considers these provisions, totalling £1,035,000, to be prudent, based on underperformance against the respective investment plans. Further information is provided within the Investment Manager's Review.

Further information on all the holdings in the portfolio can be found in the Investment Manager's review.

Share Price

Eclipse 4's mid market share price currently stands at 85p compared to the NAV of 101.1p. The discount to NAV is primarily due to the low level of secondary market activity in Eclipse 4 shares. In order to address this, Octopus is working towards developing strategies to stimulate trade in VCT shares and increase liquidity in the market.

VCT Qualifying Status

PricewaterhouseCoopers LLP provides the Board and Investment Manager with advice on the ongoing compliance with HM Revenue & Customs rules and regulations concerning VCTs. The Board has been advised that Eclipse VCT 4 plc is in compliance with the conditions laid down by HM Revenue & Customs for maintaining approval as a VCT.

A key requirement is for 70% of the portfolio to be invested in qualifying investments by the end of the third accounting period following that in which new share capital was subscribed. As at 31 August 2007, over 49% of the share capital raised at launch was invested in VCT qualifying investments, in line with our expectations at this stage of the Fund's life. In light of the current deal flow, the Board is confident of achieving the investment target with the required time frame.

Outlook

The Board's focus is to continue to generate capital growth and to pay attractive tax-free dividends. The underlying portfolio of unquoted and AIM-quoted companies is comprised of solid, high quality investments, and the Manager believes it is well placed to meet the above objectives.

Portfolio Review

We are delighted to report encouraging progress across the portfolio over the last year generating an uplift in the net assets of the Company. During the year to 31 August 2007, over £9.5 million was invested in sixteen new and one follow-on investment. This takes the total currently invested by Eclipse 4 in unquoted and AIM listed investments to over £11.7 million. The remaining funds are invested in money market securities awaiting investment in suitable qualifying opportunities.

Investment Manager's Review (continued)

Review of Investments

At 31 August 2007, the Eclipse 4 portfolio comprised investments in 12 unquoted and 15 AIM-quoted companies. The unquoted investments are in ordinary shares with full voting rights as well as loan notes and other securities. The AIM-quoted investments are in ordinary shares, also with full voting rights.

During the year, four investments were disposed of in their entirety; James Harvard International Limited, Ovum plc, Abcam plc and Worthington Nicholls plc crystallising a profit of over £1.0 million. The Fund's investment in AIM quoted company Worthington Nicholls plc was particularly successful, generating a return of 134%. Unquoted company, James Harvard International Limited, was also a great success generating a 120% return. Additional proceeds may be received through an earn-out over the next three years.

In addition, some top-slicing of profits in Tanfield Group plc crystallised a further £50,000 profit. However, Eclipse 4 still owns shares in Tanfield Group plc with a book cost of £143,000 and a valuation as at 31 August 2007 of £1.06 million. We will continue to maximise the return from this successful investment by taking profits where necessary.

A summary of these realisations is shown below:

Realisations	Initial investment date	Cost of investment realised (£'000)	Proceeds of investment (£'000)	Total gain/(loss) (£'000)
Worthington Nicholls plc	12 June 2006	502	1,172	670

Investment Manager's Review (continued)

New Investments

During the year, Eclipse 4 made sixteen new investments. Details of these investments are set out below:

Unquoted Investments

Audio Visual Machines Limited

Investment date:	September 2006
Cost:	£711,441 (ordinary shares and loan notes)
Valuation:	£711,441

Audio Visual Machines is a leading audio visual systems integrator and service provider with a blue chip client base. It generates revenue from the installation of AV systems and from providing ongoing maintenance and support to its customers. The strategy is to grow by acquisition over the next 2 to 3 years.

Adrenalin Design Limited

Investment date:	September 2006
Cost:	£905,000 (ordinary shares and loan notes)
Valuation:	£905,000

Adrenalin owns the Golddigga girls clothing brand targeting 15-25 year olds. The company designs two major seasons per year and two minor ones from its headquarters in Derby. The clothes and accessories retail through approximately 650 outlets in the UK and a similar number abroad through distributors. The strategy is to grow sales in the UK and overseas with a view to a trade sale in the medium term.

Gyro International Limited

Investment date:	October 2006
Cost:	£704,302 (ordinary shares and loan notes)
Valuation:	£1,058,000

Gyro is the UK's leading integrated B2B brand communications agency and has offices across Europe and in the US. The company provides a range of services including brand strategy, direct marketing, on and off-line advertising, media planning, web marketing and event management. Octopus led a £3 million equity fund raising, in February 2005, to finance the buy-out of one of the two original founders and provide additional working capital. The syndicate subsequently invested a further £6 million in October 2006 to support the acquisition plans of the company. The company has expanded significantly since our initial investment was made, from 4 offices, to 10 offices. Recent acquisitions have been completed in France, Manchester and Sweden.

NPI Media Group Limited

Investment date:	January 2007
Cost:	£1,760,539 (ordinary shares and loan notes)
Valuation:	£846,142

NPI is the UK market leading publisher of distinctive 'local interest' history books. The company is based in Stroud with subsidiary operations in France, Germany, Ireland and the US. Funding was provided to facilitate the acquisitions of three of its key competitors: Sutton Publishing, Jarrold Publishing and Phillimore. The titles range from specialist local history books such as "The Iron History of the Forest of Dean" to more general history books such as "Ivan the Great". More recently NPI has expanded into sports history. The amalgamation of these businesses gives NPI a significant market share in its niche area.

Sweet Cred Holdings Limited

Investment date:	March 2007
Cost:	£1,000,000 (ordinary shares and loan notes)
Valuation:	£1,000,000

Sweet Cred sells a wide range of products which combine sweets with toys that are themed around the five cartoon characters in the Sweet Cred gang. The range is sold through distribution partners in Europe, the US and the Middle East. In the UK, distribution is through the main wholesalers and retail distribution through the major multiple retailers, motorway service stations and leading toyshop chains. In March 2007 Octopus committed £5 million to fund working capital relating to the orders pipeline. £3 million was drawn down at completion, with the balance to be provided against achievement of milestones.

Investment Manager's Review (continued)

Promotion Space Limited

Investment date:	April 2007
Cost:	£517,234 (ordinary shares and loan notes)
Valuation:	£517,234

Promotion Space works directly with major brands who wish to access consumers in shopping centres. It also works with shopping centres to generate revenue by organising promotional activities. Octopus provided £1.5 million of funds to develop an organic Retail Merchandising Unit (RMU) business within major shopping centres and also to follow a buy and build strategy.

T4 Holdings Limited

Investment date:	August 2007
Cost:	£1,000,000 (ordinary shares and loan notes)
Valuation:	£1,000,000

T4 is based in London and, through subsidiaries Ad Barriers and Ad Gates, is the leading provider of advertising solutions on railway station gates and car park ticket equipment. T4 has a blue chip advertising customer base including Visa, Fox (The Simpsons), M&S, Bank of Scotland and Costa Coffee.

Aim-Quoted Investments

Concateno plc

Investment date:	October 2006
Cost:	£85,000
Valuation:	£140,000

Concateno plc is an acquirer and consolidator of businesses in the drug and alcohol testing sector. In November 2006 Concateno completed its first acquisition with the purchase of Medscreen Ltd. This was followed with the acquisition of Altrix Healthcare Ltd in January 2007, TrichoTech Ltd in February 2007 and Euromed Ltd in April 2007. More recently Concateno has completed its first international acquisition with the purchase of Swedish-based Marconova in May 2007 and in July 2007 it acquired CPL International.

Brulines (Holdings) plc

Investment date:	October 2006
Cost:	£147,600
Valuation:	£174,000

Brulines (Holdings) plc is the leading provider of volume and revenue protection systems for draught alcoholic drinks to the pub sector. The principal activity of the company is to measure, remotely harvest, and audit important operational data, primarily for owners of licensed premises but also for licensees.

Hasgrove plc

Investment date:	November 2006
Cost:	£400,000
Valuation:	£486,666

Hasgrove plc is a pan European marketing and communications services group. The company offers its clients high quality consultancy and implementation solutions at affordable prices across a range of disciplines including brand designs, creative advertising, public relations and public affairs.

Investment Manager's Review (continued)

Vertu Motors plc

Investment date:	December 2006
Cost:	£250,000
Valuation:	£266,667

Vertu Motors plc is a consolidator of the UK motor retail sector. The company has completed a number of transactions since its float and is now the tenth largest motor retailer in the UK.

Hexagon Human Capital plc

Investment date:	February 2007
Cost:	£677,000
Valuation:	£846,864

Hexagon Human Capital plc is the UK's leading provider of interim executive management and one of the UK's leading executive search businesses. We originally invested in Hexagon, as an unquoted company, in December 2006 to finance the acquisition of BIE, the UK's largest interim management firm, alongside £10 million from Barclays Bank. The company subsequently floated successfully on AIM in February 2007.

Pressure Technologies plc

Investment date:	June 2007
Cost:	£165,000
Valuation:	£214,500

Pressure Technologies is the holding company of Chesterfield Special Cylinders ("CSC"). CSC designs, manufactures and offers testing and refurbishment services for a range of speciality high pressure, seamless steel gas cylinders for global energy and defence markets.

CBG Group plc

Investment date:	June 2007
Cost:	£380,700
Valuation:	£491,400

Based in Manchester, CBG Group plc is a corporate general insurance, risk management and financial services intermediary. The company offers a range of services principally in the area of Commercial Insurance, Business Risk Management, Healthcare and Employee Benefits. We expect the company to continue to acquire further businesses in the North-West of England.

Northern Bear plc

Investment date:	August 2007
Cost:	£299,425
Valuation:	£303,555

Northern Bear is a building services group based in North East England. It provides central strategic and financial functions for a group of otherwise autonomous companies, each of which provides products and/or services to the construction industry and house builders. We expect the company to complete further acquisitions over the next twelve months.

Cantono plc

Investment date:	August 2007
Cost:	£420,000
Valuation:	£382,200

Cantono is a provider of Managed IT Services and hosting solutions for small to medium sized organisations. Its typical client has from 100 -1,000 users. Cantono provides a range of services from individual applications to fully managed IT environments. Cantono's services are backed by robust service level agreements, expert technicians, and a high level of customer service.

Ten Largest Holdings

Listed below are the ten largest investments by value as at 31 August 2007:

Tanfield Group plc

Tanfield has a range of subsidiaries that are focused on providing zero emission vehicles and industrial products. Smith Electric Vehicles is one of the largest manufacturers of electric vehicles in the world with more than 500 customers operating both in the private and public sectors. Norquip is one of the world's leading providers of ground support equipment in the form of airport service vehicles and passenger transfer units. Aerial Access is a manufacturer of electrically powered aerial lifts and access platforms. Complementary to Aerial Access is its Upright subsidiary, which specialises in scissor lifts and is globally renowned.

NPI Media Group Limited

NPI is the UK market leading publisher of distinctive 'local interest' history books. The company is based in Stroud with subsidiary operations in France, Germany, Ireland and the US. Funding was provided to facilitate the acquisitions of three of its key competitors: Sutton Publishing, Jarrold Publishing and Phillimore. The acquisition of NPI followed by the integration of three other businesses was an ambitious plan. Post investment the business experienced some of the predicted difficulties. In August 2007 we took the decision to invest a further £1.5 million (Eclipse 4 fund invested £270,000 prior to the year end and £137,000 after the year end) to provide the company with further working capital facilities.

The integration of the different companies has proved more challenging than expected and trading results are behind the investment plan. This has resulted in some management changes and Octopus has invested considerable time in working through the required structural changes to ensure that performance recovers. Whilst the project is ambitious we continue to believe in the underlying investment proposition. However, as a result of performance a full provision has been made against the equity and a partial provision against the loan notes held by the Fund, representing approximately 50% of the overall investment.

Recent Transactions

Since the end of the year under review, we have completed 3 new qualifying investments, as well as further investments in NPI and Promotion Space as noted above:

The Grill Group

Eclipse 4 invested £1,983,500 (total from all Eclipse funds – £6,000,000) in The Grill Group early in September 2007. The Group has three restaurant brands: Smollensky's, with nine Bar & Grill and Burgershack sites in London, and the Le Frog Bistros and Pastiche with eight restaurants in the Midlands and North West. The investment strategy includes the operational turnaround of Smollensky's during the first twelve months, followed by the roll-out of the Smollensky's and Pastiche restaurant brands.

Optimisa plc

Eclipse 4 invested £195,000 in Optimisa plc in October 2007. Optimisa provides market research and consultancy services. Recently Optimisa completed the earnings enhancing acquisition of EQ Group, a business operating in a very similar sector. Historically Optimisa and EQ have competed for contracts and we expect the larger and more diversified group to exploit a number of synergies and cross selling opportunities. Optimisa which is currently capitalised at £18.2 million is expected to make a profit of £3.1 million on a turnover of £23.8 million for the year to December 2008.

Myhome International plc

Eclipse 4 invested £350,000 in Myhome International plc in November 2007. Myhome is an acquisitive national franchise group, headquartered in London. The group has become a market leader in the rapidly growing sector of residential cleaning under the brand of Myhome, and has extended its offering by rolling out other franchises including electrical, plumbing and cleaning services. These include Nicenstripy, which provides residential gardening services throughout the year, Ferrum UK which operates a dry cleaning and laundry business and PlumbXpress a plumbing and drainage business. In June 2006 the company acquired Ovensclean, the UK's leading domestic oven cleaning franchise with a ten year growth history and over 165 franchisees. More recently Myhome completed the acquisition of ChipsAway, a mobile service delivered to customers' homes and offices, repairing scratches, chips and other minor damage to car paintwork using proprietary technology. Myhome which is currently capitalised at £29 million is expected to make a profit before tax of £5.9 million on a turnover of £16.2 million for the year to 30 September 2008.

Shareholder Information

The Company

Eclipse VCT 4 plc is a venture capital trust managed by Octopus Investments Limited. Eclipse 4 was launched in August 2005 and raised over £29.1 million through an offer for subscription. The objective of Eclipse 4 is to invest in a diversified portfolio of UK smaller companies in order to generate capital growth over the long-term as well as an attractive tax-free dividend stream.

Venture Capital Trusts (“VCT”)

VCTs were introduced by the UK Government in 1995 to encourage individuals to invest in UK smaller companies. The Government achieved this by offering VCT investors a series of very attractive tax benefits.

During the tax year 2005/06 investors were entitled to 40% income tax relief on an investment in a VCT provided shares were held for three years. In addition, as the value of a VCTs investments rise, profits can be paid out to investors as a stream of tax-free income.

Eclipse 4 has been provisionally approved as a VCT by Her Majesty’s Revenue & Customs. In order to maintain its approval the Company must comply with certain requirements on a continuing basis. Within three years from the date of provisional approval at least 70% of the Company’s investments must comprise “qualifying holdings” of which at least 30% must be in eligible ordinary shares. A “qualifying holding” consists of up to £1 million invested in any one year in new shares or securities in an unquoted Company (including companies listed on AIM) which is carrying on a qualifying trade and whose gross assets do not exceed £15 million at the time of investment. The Company has continued its compliance with these requirements.

There were a number of changes in the Chancellor’s budget announcement for 2006/07 that related to new VCTs. These changes have no effect on the investment strategy of Eclipse 4 or to a shareholder’s investment in Eclipse 4 made during the 2005/06 tax year. Please contact Octopus Investments on 020 7710 2800 if you would like any further information on the changes which include:

- upfront income tax relief reduced from 40% to 30%;
- shares issued on or after the 6 April 2006 will have to be held for a minimum of 5 years to qualify for income tax relief (previously it was required to be 3 years); and
- qualifying holdings of up to £1 million invested in any one year in new shares or securities in an unquoted company (including companies listed on AIM) which is carrying on a qualifying trade and whose gross assets do not exceed £7 million prior to investment and £8 million after, (previously this had been £15 million and £16 million respectively).

Investment Policy

The Company’s investment strategy is designed to deliver absolute returns on its investments rather than a performance measured against the market indices. At the end of the initial three year investment period, it is intended that approximately 80% of the Company will be invested in qualifying holdings across a range of sectors, with the remainder held in cash and money market securities. Individual investments made by the Company are expected usually to range in size from £0.5 million to £1 million, depending on the stage of development of the investee company and the anticipated need for future funding. Initial investments may be increased as a result of follow-on fundings. The Board does not intend to vary the Fund’s investment policy. However, should a change be deemed appropriate this will be done with shareholders’ approval and in accordance with the Listing Rules.

Risk Management and Borrowing

The Directors control the overall risk of the portfolio by ensuring that the Company has exposure to a diversified range of unquoted and AIM-quoted companies from a number of different sectors. In order to limit the risk to the portfolio that is derived from any particular investment, no more than 10% of the Company will be invested in any one investment. It is not expected that investments will be made in other listed closed-ended investment funds. The Company will not borrow money for the purposes of making investments.

Financial Calendar

The Company’s financial calendar is as follows:

14 February 2008	–	Annual General Meeting
19 February 2008	–	2007 final dividend paid
April 2008	–	Six-monthly results to 28 February 2007 published
November 2008	–	Final dividend and preliminary results for year to 31 August 2008 announced; annual report and financial statements published

Share Price

The Company’s mid-market share price currently stands at 85p. The Company’s share price is published daily in the Financial Times and its FTSE classification is “Investment Companies” “VCTs”.

Details of Directors

Greg Melgaard (57 – Chairman) is Managing Director of Palmaris Capital Plc, a mining investment company. He is also Chairman of Semper Holdings Limited, a London-based manufacturer of critical power and cooling systems, Deputy Chairman of Electrometals Technologies Limited and a director of Scottish Resources Group Limited.

Prior to his involvement with these organisations, Greg was a founding director of AFP Investment Corporation Limited, an Australian based international investment firm. AFP specialised in taking significant minority positions in public companies and working with management to increase shareholder value. Over a period of seven years AFP built up interests in resources, textiles, office equipment, fire protection, media, agribusiness and brewing.

Prior to co-founding AFP, he was a management consultant with McKinsey & Company, working in the US and Australia where he specialised in business strategy and finance. He has degrees in science and economics from Monash University and an MBA from Stanford University.

Matt Cooper (41 – Director) is the chairman of Octopus Investments Limited, the Investment Manager of Eclipse 4. Prior to joining Octopus, Matt was the Principal Managing Director of Capital One (Bank) Europe plc where he was responsible for all aspects of the company's strategic direction and day-to-day operations in Europe. He led the UK portion of the business from start-up to two million customers, generating revenues of over £275million and employing over 2,000 people.

Alex Hambro (45 – Director) has spent the last 19 years in the venture capital sector, much of this time at Hambros PLC and associate organisations. As a director of Hambro Group Investments, he was responsible for the establishment and operations of the Hambro Private Equity Group, which sponsored nine fund managers in the UK, Europe, USA and Australia. Since leaving Hambros in 1999, he has assisted a number of venture capital organisations with their fundraising and marketing programmes and has acted as a consultant to a number of investors on their venture capital investment strategies.

Directors' Report

The Directors present their report and the audited financial statements for the year ended 31 August 2007.

Activities and status

The principal activity of the Company is to invest in a diversified portfolio of UK smaller companies in order to generate capital growth over the long-term as well as an attractive tax-free dividend stream. The Company has been granted provisional approval as a Venture Capital Trust by the Inland Revenue and has been listed on the London Stock Exchange since October 2005.

As a result of the Directors' decision during the period to enable distributions of capital profits to shareholders, the investment company status was revoked on 17 July 2007. The accounts have been drawn up to include a statutory profit and loss account and a note of historical cost profits and losses in accordance with Schedule 4 of the Companies Act 1985 and Financial Reporting Standard 3 (Reporting Financial Performance).

The Chairman's Statement, on page 3, includes a review of the Company's activities and future prospects; further details are also provided within the Investment Manager's Review on pages 4 to 13. The Directors managed the affairs of the Company with the intention of maintaining its status as an approved Venture Capital Trust for the purposes of S842AA of the Income and Corporation Taxes Act 1988. The Company was not at any time up to the date of this report a close company within the meaning of S414 of the Act.

Results and dividend

	Year ended 31 August 2007 £'000	Period ended 31 August 2006 £'000
Net profit attributable to shareholders	1,805	183
Appropriations:

The proposed final dividend will, if approved by shareholders, be paid on 19 February 2008 to shareholders on the register on 25 January 2008.

Directors

According to the register of Directors' interests, the Directors of Eclipse VCT 4 plc during the year and their interests in the issued ordinary shares of 10p were as follows:

	Ordinary shares of 10p each 31 August 2007	Ordinary shares of 10p each 31 August 2006
Mr R G Melgaard (Chairman)	15,750	15,750
Mr M Cooper	5,280	5,280
The Hon A Hambro	7,875	7,875

There have been no changes in the Directors' share interests between 31 August 2007 and the date of this report.

Matt Cooper retires by rotation and being eligible, offers himself for re-election. The Board has considered provision A.7.2 of the Combined Code 2003 and believes Matt Cooper continues to be effective and demonstrates commitment to his role. They, therefore, recommend his re-election at the forthcoming Annual General Meeting.

Brief biographical notes on the Directors are given on page 16.

Financial risk management objectives and policies

As a venture capital trust, the Company's objective is to provide shareholders with an attractive income and capital return by investing its funds in a broad spread of quoted and unquoted UK companies which meet the relevant criteria for venture capital trusts.

Further details of the Company's risk management policies are provided in note 17 to the financial statements.

Directors' Report (continued)

Directors' and officers' liability insurance

The Company has, as permitted by s310(3) of the Companies Act 1985, maintained insurance cover on behalf of the Directors and Secretary indemnifying them against certain liabilities which may be incurred by them in relation to the Company.

Creditor payment policy

The Company's payment policy for the forthcoming financial year is to agree terms of payment before business is transacted and to settle accounts in accordance with those terms. The Company does not follow any code or standard with regard to creditor payment practice. At 31 August 2007 there were no trade creditors (2006: £nil).

Management

Octopus acts as investment manager to the Company. The principal terms of the Company's management agreement with Octopus are set out in Notes 3 & 18 to the financial statements. Matt Cooper is a Director of Octopus. In the opinion of the Directors', it is viewed that the continuing appointment of Octopus as investment manager on the terms agreed is in the interests of the shareholders as a whole.

Open offers and offers for subscription

There are no open offers and no shares were allotted during the year to 31 August 2007 (2006: £nil).

Purchase and cancellation of own shares

During the year, the Company purchased 34,144 shares for cancellation at a weighted average price of 96.7p per share (2006: 3,060 shares at a price of 95p per share).

Fixed assets

Movements in fixed asset investments during the year are set out in Note 10 to the financial statements.

International financial reporting standards

As the Company is not part of a group it is not mandatory for it to comply with international financial reporting standards. The Company does not anticipate that it will voluntarily adopt the international financial reporting standards.

Substantial shareholdings

So far as the Directors are aware, there were no individual shareholdings representing 3% or more of the Company's issued share capital at the date of this report.

Annual General Meeting

Notice convening the 2007 annual general meeting of the Company and a form of proxy in relation to the meeting can each be found at the end of this document. An explanation of the special business to be considered at that meeting is set out below.

Authority to permit Directors to allot up to 10% of the existing share capital and for the Directors to disapply pre-emption rights is sought, although the Directors have no present intention of using such authority.

Independent auditor

Grant Thornton UK LLP offer themselves for reappointment as auditor in accordance with section 385 of the Companies Act 1985. A resolution to re-appoint Grant Thornton UK LLP as auditor and to authorise the Directors to fix their remuneration will be proposed at the forthcoming annual general meeting.

Directors' Remuneration Report

Introduction

This report is submitted in accordance with the Directors' Remuneration Report Regulations 2002 in respect of the year ended 31 August 2007.

Consideration by the Directors of matters relating to Directors' remuneration

The Board as a whole considers Directors' remuneration and has not appointed a separate committee in this respect. The Board has not sought advice or services from any person in respect of its consideration of Directors' remuneration during the year (although the Directors expect from time to time to review the fees against those paid to the boards of directors of other venture capital trusts).

Statement of the Company's policy on Directors' remuneration

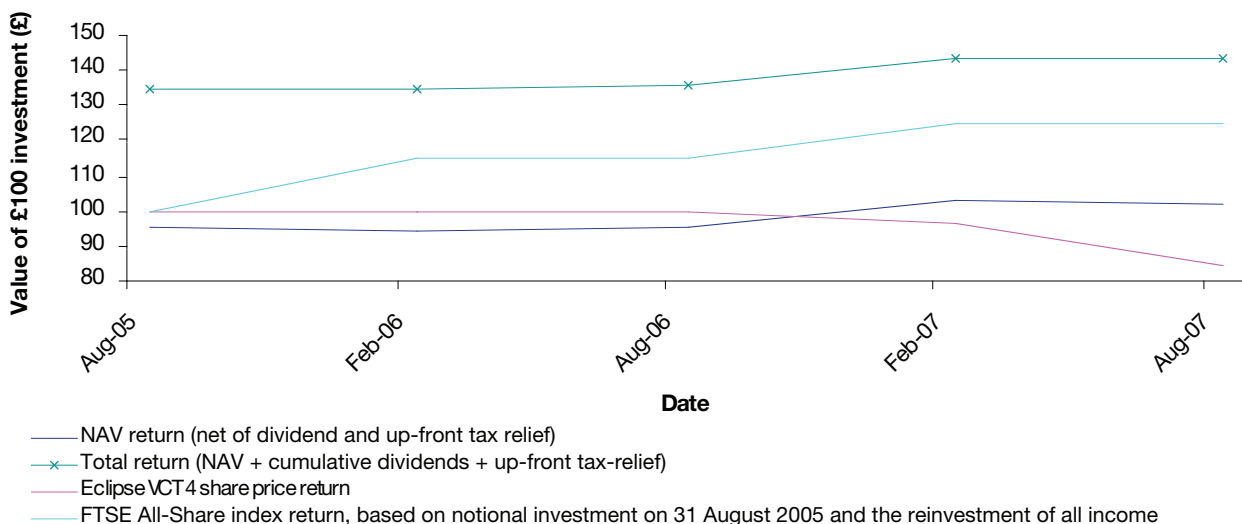

The Board consists entirely of non-executive directors, who meet at least four times a year and on other occasions as necessary, to deal with the important aspects of the Company's affairs. Directors are appointed with the expectation that they will serve for, at least, a period of three years. All Directors will retire at the first General Meeting after election and thereafter one third of all Directors will be subject to retirement by rotation at subsequent Annual General Meetings. Re-election will be recommended by the Board but dependent upon shareholder vote.

Each Director received a letter of appointment. A Director may resign by notice in writing to the Board at any time. None of the Directors is entitled to compensation payable upon early termination of their contract other than in respect of any unexpired notice period.

The Company's policy is that the fees payable to the Directors should reflect the time spent by the Board on the Company's affairs and the responsibilities borne by the Directors. They should be sufficient to attract candidates of high calibre to be recruited. The policy is for the Chairman of the Board to be paid higher fees than the other Directors in recognition of his more onerous role. The policy is to review these rates from time to time, although such review will not necessarily result in any changes.

Company performance

The graph below compares the share price return, NAV return and total return (including dividends and up-front tax relief) of Eclipse 4 over the period from August 2005 to August 2007 with the total return from a notional investment in the FTSE All-Share index over the same period. This index is considered to be the most appropriate broad equity market index for comparative purposes.

Directors' Remuneration Report (continued)

Directors' Emoluments

Amount of each Director's emoluments:

Annual rate of Directors' fees	Year ended 31 August 2007	Period ended 31 August 2006
Mr R G Melgaard (Chairman)	£11,250	£11,250
Mr M Cooper	£6,375	£6,000
The Hon A Hambro	£6,375	£6,000
Total	£24,000	£23,250

The Company's policy is for the Directors to be remunerated in the form of fees, payable quarterly in arrears. The fees are not specifically related to the Directors' performance, either individually or collectively. There are no long-term incentive schemes, share option schemes or pension schemes in place. No other remuneration or compensation was paid or payable by the Company during the year to any of the current Directors.

Corporate Governance

The Company is committed to maintaining high standards in corporate governance. The Directors consider that the Company has, throughout the year under review, complied with the provisions set out in section 1 of the 2003 Combined Code on Corporate Governance with the exceptions set out in the Compliance Statement at page 23.

Board of Directors

The Company has a board of three non-executive Directors, two of whom are considered to be independent. Matt Cooper is not considered to be independent due to his role as Chairman of the Company's Investment manager. The Board meets regularly on a quarterly basis, and on other occasions as required, to review the investment performance and monitor compliance with the investment policy laid down by the Board. The Board has a formal schedule of matters specifically reserved for its decision.

During the year the following were held:

4 full board meetings

All directors attended all meetings

2 Audit Committee meetings

All Members attended

Additional meetings were held as required to address specific issues including considering recommendations from the investment manager and share repurchases. A brief biographical summary of each Director is given on page 16.

The Company's Articles of Association require that one third of Directors should retire by rotation each year and seek re-election at the annual general meeting and that Directors appointed by the board should seek re-appointment at the next annual general meeting. All Directors are required to submit themselves for re-election at least every three years. This practice was followed during the year under review.

The Board has appointed two committees to make recommendations to the Board in specific areas:

Audit Committee:

Alex Hambro (Chairman)

Greg Melgaard

The audit committee deals with matters relating to audit, financial reporting and internal control systems. The committee meets as required and has direct access to Grant Thornton UK LLP, the Company's auditor. The committee met twice in relation to the year ended 31 August 2007 and reviewed the operational systems and controls.

The audit committee reviews the nature and extent of non-audit services supplied by the external auditor of the Company, seeking to balance objectivity and value for money.

Nomination Committee:

Greg Melgaard (Chairman)

Alex Hambro

The nomination committee considers the selection and appointment of Directors. The committee meets as required and did not meet during the year.

Internal Control

The Directors have overall responsibility for keeping under review the effectiveness of the Company's systems of internal controls. The purpose of these controls is to ensure that proper accounting records are maintained, the Company's assets are safeguarded and the financial information used within the business and for publication is accurate and reliable; such a system can only provide reasonable and not absolute assurance against material misstatement or loss. The system of internal controls is designed to manage rather than eliminate the risk of failure to achieve the business objectives. The Board regularly reviews financial results and investment performance with its investment managers.

Octopus is engaged to carry out the accounting function and retains physical custody of the documents of title relating to unquoted investments. Quoted investments are held in Crest. Octopus regularly reconciles the client asset register with the physical documents.

The Directors confirm that they have established a continuing process throughout the year and up to the date of this report for identifying, evaluating and managing the significant potential risks faced by the Company and have reviewed the effectiveness of the internal control systems. As part of this process an annual review of the internal control systems is carried out in accordance with the Turnbull guidelines for internal control. The Board does not consider it necessary to maintain a separate internal audit function.

Corporate Governance (continued)

Financial Risk Management Objectives and Policies

The Company is exposed to the risks arising from its operational and investment activities. Further details can be found in note 17 to the Financial Statements.

Risk Management

The Company invests its funds primarily in UK smaller companies, which by their nature may entail a higher degree of risk than investments in larger listed companies. The Directors aim to limit this risk through careful selection of a spread of investments.

Octopus carries out management of liquid funds in accordance with the policy guidelines laid down and regularly reviewed by the Board. In general the guidelines require that uninvested cash will be held in money market securities. The Company has no borrowing facilities nor has it entered into derivative transactions.

Directors' Responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware:

- there is no relevant audit information of which the Company's auditors are unaware; and
- the Directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

Going Concern

After making the necessary enquiries, the Directors confirm that they are satisfied that the Company has adequate resources to continue in business for the foreseeable future. The Directors believe that it is appropriate to continue to apply the going concern basis in preparing the financial statements.

Relations with Shareholders

Shareholders have the opportunity to meet the Board at the AGM. In addition to the formal business of the AGM, the Board is available to answer any questions a shareholder may have.

The Board is also happy to respond to any written queries made by shareholders during the course of the year and can be contacted at 8 Angel Court, London, EC2R 7HP. Alternatively, the team at Octopus is happy to answer any questions you may have and can be contacted on 020 7710 2800.

Corporate Governance (continued)

Compliance Statement

The Listing Rules require the Board to report on compliance with the forty-eight Combined Code provisions throughout the accounting year. The preamble to the Combined Code does, however, acknowledge that some provisions may have less relevance for investment companies. With the exception of the limited items outlined below, the Company has complied throughout the accounting year to 31 August 2007 with the provisions set out in Section 1 of the Combined Code.

1. New directors do not receive a full, formal and tailored induction on joining the Board. Such matters are addressed on an individual basis as they arise.
2. Due to the size of the Board and the nature of the Company's business, a formal performance evaluation process for of the Board, its committees, the individual directors and the Chairman has not been put in place or a formal evaluation been undertaken. Specific performance issues are dealt with as they arise.
3. The Company has two independent Directors, Greg Melgaard and Alex Hambro, as defined by the Combined Code issued in July 2003. Matt Cooper holds directorships of other companies with the same investment manager and with the investment manager itself. The Board considers that all directors have sufficient experience to be able to exercise proper judgement within the meaning of the Combined Code.
4. The Company does not have a chief executive officer or senior independent director. The Board does not consider this necessary for the size of the Company.
5. The Company does not conduct a formal review as to whether there is a need for an internal audit function. The Directors do not consider that an internal audit would be an appropriate control for a venture capital trust.
6. The non-executive directors do not have service contracts, whereas the recommendation is for fixed term renewable contracts.
7. The Company has no major shareholders so shareholders are not given the opportunity to meet any new non-executive directors at a specific meeting other than the annual general meeting.
8. The Company does not have a remuneration committee as it does not have any executive directors.

Report of the Independent Auditor to the members of Eclipse VCT 4 plc

We have audited the financial statements of Eclipse VCT 4 plc for the year ended 31 August 2007 which comprise the profit and loss account, the note of historical cost profits and losses, the balance sheet, the cash flow statement, the reconciliation of net cash flow to movement in cash resources, the reconciliation of operating profit before taxation to cash flow from operating activities, and notes 1 to 18. These financial statements have been prepared under the accounting policies set out therein. We have also audited the information in the Directors' remuneration report that is described as having been audited.

This report is made solely to the Company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and auditors

The Directors' responsibilities for preparing the annual report, the Directors' remuneration report and the financial statements in accordance with United Kingdom law and Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements and the part of the Directors' remuneration report to be audited in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view, whether the financial statements and the part of the Directors' Remuneration Report to be audited have been properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements. The information given in the Directors' Report includes that specific information presented in the Chairman's Statement and Investment Manager's Review that is cross referenced from the Business Review Section of the Directors' Report.

In addition, we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We review whether the Corporate Governance Statement reflects the company's compliance with the nine provisions of the 2003 Combined Code specified for our review by the Listing Rules of the Financial Services Authority, and we report if it does not. We are not required to consider whether the board's statements on internal control cover all risks and controls, or form an opinion on the effectiveness of the Company's corporate governance procedures or its risk and control procedures.

We read other information contained in the annual report and consider whether it is consistent with the audited financial statements. This other information comprises only the Financial Summary, Chairman's Statement, Details of Directors, Shareholder Information, Investment Manager's Review, Directors' Report, the unaudited part of the Directors' Remuneration Report and the Corporate Governance Statement. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. Our responsibilities do not extend to any other information.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements and the part of the Directors' remuneration report to be audited. It also includes an assessment of the significant estimates and judgments made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements and the part of the Directors' remuneration report to be audited are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements and the part of the Directors' remuneration report to be audited.

Report of the Independent Auditor (continued)

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the Company's affairs as at 31 August 2007 and of its profit for the year then ended;
- the financial statements and the part of the Directors' remuneration report to be audited have been properly prepared in accordance with the Companies Act 1985; and
- the information given in the Directors' report is consistent with the financial statements for the year ended 31 August 2007.

Notes to the Financial Statements

1. Accounting Policies

Basis of Accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of fixed asset investments, and in accordance with applicable accounting standards in the UK.

The principal accounting policies have remained unchanged from those set out in the Company's 2006 annual report and financial statements except that, with effect from 17 July 2007, the Company is no longer an investment company as defined by section 266 of the Companies Act 1985.

Change in Presentation

To enable distributions of capital profits to shareholders, investment company status was revoked on 17 July 2007. The accounts have been drawn up to include a statutory profit and loss account and a note of historical cost profits and losses in accordance with Schedule 4 of the Companies Act 1985 and Financial Reporting Standard 3 (Reporting Financial Performance).

These statements differ from the statement of total return presented in previous periods as follows:

- (a) profits or losses on the realisation of investments and permanent diminutions in value of investments are now included in the profit and loss account;
- (b) unrealised gains and losses on investments are included in the profit and loss account; and
- (c) all investment management fees, other expenses and taxation are charged to the profit and loss account.

In the balance sheet the revenue reserve and the realised capital reserves have been combined into the profit and loss account whilst the revaluation reserve records the revaluation amounts previously included in the unrealised capital reserve, with the exception of permanent diminutions in value, which are passed through the profit and loss account. Where required the comparatives in the relevant notes have been restated (Note 15).

Investments

The Company invests in financial assets with a view to profiting from their total return through income and capital growth. These investments are managed and their performance is evaluated on a fair value basis in accordance with a documented investment strategy. Accordingly as permitted by FRS 26, the investments and loan notes are designated as fair value through profit and loss ("FVTPL"). Unrealised gains or losses on valuation are recognised through the profit and loss account.

Investments in AIM-quoted companies are stated at bid price.

Unlisted investments are stated at Directors' valuation following the guidelines laid down by the International Private Equity and Venture Capital guidelines. The Directors' policy in valuing unlisted investments is to carry them at cost except in the following circumstances:

- (a) where a company's under performance against plan indicates a diminution in the value of the investment a provision against cost is made as appropriate, using an appropriate valuation method;
- (b) where a company is well established and profitable the shares may be valued by applying a suitable price earnings ratio to the Company's historic post tax earnings. The ratio used is based on a comparable listed company or sector but discounted by 25-50% to reflect marketability; and
- (c) where a value is indicated by a material arms length transaction by a third party in the shares of a company.

Current Asset Investments

Current asset investments comprise money market securities and are designated as FVTPL. Unrealised gains or losses on valuation are recognised through the profit and loss account.

Income

Investment income includes interest earned on bank balances and money market securities and includes income tax withheld at source. Dividend income is shown net of any related tax credit.

Notes to the Financial Statements (continued)

Dividends receivable are brought into account on the ex-dividend date. Fixed returns on debt and money market securities are recognised on a time apportionment basis so as to reflect the effective yield, provided there is no reasonable doubt that payment will be received in due course.

Expenses

All expenses are accounted for on an accruals basis.

Taxation

Corporation tax payable is provided on taxable profits at the current rate.

Deferred tax is recognised, on an undiscounted basis, in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less tax, with the exception that deferred tax assets are recognised only to the extent that the Directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing can be deducted.

Cash and Liquid Resources

Cash, for the purposes of the cash flow statement, comprises cash in hand and deposits repayable on demand, less overdrafts payable on demand. Liquid resources are current asset investments which are disposable without curtailing or disrupting the business and are either readily convertible into known amounts of cash at or close to their carrying values or traded in an active market. Liquid resources comprise term deposits of less than one year (other than cash), government securities, investment grade bonds and investments in money market managed funds.

2. Income

Other expenses to August 2007 include trail commission relating to the year ended 31 August 2007 as well as post year ended 31 August 2006 where a provision was not made.

Notes to the Financial Statements (continued)

5. Directors' Remuneration

	31 August 2007 £'000	31 August 2006 £'000
Directors' emoluments		
Mr R G Melgaard (Chairman)	12	12
Mr M Cooper	6	6
The Hon A Hambro	6	6
	24	24

None of the Directors received any other remuneration or benefit from the Company during the year. The Company has no employees other than non-executive Directors. The average number of non-executive Directors in the year was three (2006: three).

6. Tax on Ordinary Activities

The corporation tax charge for the year was £33,000 (2006: £nil).

Factors affecting the tax charge for the current year:

The current tax charge for the year differs from the standard rate of corporation tax in the UK (2006: 19%). The differences are explained below.

Current tax reconciliation:

	31 August 2007 £'000	31 August 2006 £'000
Profit on ordinary activities before tax	1,842	183
Current tax at 30% (2006: 19%)	553	35
Income not liable to tax	(520)	(37)
Excess management charges	–	2
Total current tax charge	33	–

7. Dividends

	31 August 2007 £'000	31 August 2006 £'000
Dividend paid in the current year relating to the previous period	206	–
Proposed final dividend 1.5p per share (2006: 0.7p per share)	443	207

8. Earnings per Share

The earnings per share is based on profit after tax of £1,809,000 (2006: £183,000) and on 29,525,085 (2006: 18,516,747) shares, being the weighted average number of shares in issue during the year.

There are no potentially dilutive capital instruments in issue and, therefore, no diluted return per share figures are relevant. The basic and diluted earnings per share are therefore identical.

9. Net Asset Value per Share

The calculation of net asset value per share as at 31 August 2007 is based on net assets of £29,825,000 (2006: £28,247,000) divided by the 29,502,003 (2006: 29,531,147) ordinary shares in issue at that date.

17. Financial Instruments

Management of Risk

As a Venture Capital Trust, the Company's objective is to provide shareholders with an attractive income and capital return by investing in accordance with the Company's investment strategy.

The Company's financial instruments may comprise:

- shares and securities in UK listed and unquoted companies; and
- cash, liquid resources and short term debtors and creditors that arise from the Company's operations.

The main risks arising from the Company's financial instruments are fluctuations in market price for quoted investments and fluctuations in valuations, including the issue of the going concern, for unquoted investments.

Market Price Risk

Market price risk arises mainly from the uncertainty about future prices of financial instruments used in the Company's operations. It represents the potential loss the Company might suffer through holding market positions by way of price movements. The potential risk is continuously monitored by the investment manager and reported on a regular basis to the Board.

Liquidity Risk

The funds raised since incorporation are currently used to fund the Company's primary objective of investing in venture capital opportunities which accord with its investment strategy. Some 49% of these funds had been utilised in this investment process at 31 August 2007 (2006: 11%) and the remaining funds were primarily represented by cash and money market securities shown as current asset investments in the balance sheet.

Interest Rate Risk

The Company finances its operations through share capital raised and retained profits including both realised and unrealised profits. At the year end and throughout the year, the Company had no liabilities that were subject to interest rate risk and had no borrowing facilities. The Company's financial assets are invested in money market securities.

Fair Values of Financial Assets and Liabilities

There was no material difference between the fair values of financial assets and liabilities and their book values at the balance sheet date.

18. Related Party Transactions

Matt Cooper, a non-executive Director of Eclipse VCT 4 plc, is a Director of Octopus. Eclipse VCT 4 plc has employed Octopus throughout the year as investment manager. Eclipse VCT 4 plc has paid Octopus £665,464 in the year as a management fee and there is £nil outstanding at the balance sheet date. The management fee is payable quarterly in advance and is based on 2.0% of the net asset value calculated at annual intervals as at 31 August. Octopus also provides accounting and administrative services to the Company, payable quarterly in advance for a fee of 0.3% of the net asset value calculated at annual intervals as at 31 August. During the year £102,000 was paid to Octopus and there is £nil outstanding at the balance sheet date, for the accounting and administrative services.

In addition, Octopus is entitled to an annual performance related incentive fee in the event that performance criteria in relation to the increase in net assets, after adding back distributions, are exceeded. No performance fee is payable until after 31 August 2008, investors have received at least 40p per share by way of tax-free dividends and the Performance Value at that date exceeds 130p per share.

Notice of Annual General Meeting

Notice is hereby given that the annual general meeting of Eclipse VCT 4 plc will be held at 8 Angel Court, London, EC2R 7HP on Friday, 14 February 2008 at 2.30pm for the following purposes:

ORDINARY BUSINESS

1. To receive and adopt the financial statements for the year to 31 August 2007 and the directors' and auditors' reports thereon.
2. To approve a final dividend of 1.5p pence per share.
3. To approve the Directors' Remuneration Report.
4. To re-elect Matthew Jonathan Cooper as a director.
5. To re-appoint Grant Thornton UK LLP as auditor of the company and to authorise the directors to determine their remuneration.

SPECIAL BUSINESS

To consider and if thought fit, pass Resolution 6 as an Ordinary Resolution and Resolutions 7 and 8 as Special Resolutions:

6. **AUTHORITY TO ALLOT RELEVANT SECURITIES**

THAT the directors be generally and unconditionally authorised in accordance with Section 80 of the Companies Act 1985 to allot shares up to a maximum nominal amount of £294,970 (representing approximately 10% of the ordinary share capital in issue at today's date) this authority to expire at the later of the conclusion of the Company's annual general meeting next following the passing of this resolution and the expiry of 15 months from the passing of the relevant resolution (unless previously revoked, varied or extended by the company in general meeting but so that such authority allows the company to make Offers or agreements before the expiry thereof which would or might require relevant securities to be allotted after the expiry of such authority).

7. **EMPOWERMENT TO MAKE ALLOTMENTS OF EQUITY SECURITIES**

TO empower the Directors pursuant to Section 95(1) of the Companies Act 1985 to allot or make offers or agreements to allot equity securities (as defined in Section 94(2) of the said Act) for cash pursuant to the authority referred to in resolution 6 as if Section 89(1) of the said Act did not apply to any such allotments and so that:

- (a) reference to allotment in this Resolution shall be construed in accordance with Section 94 of the said Act; and
- (b) the power conferred by this Resolution shall enable the company to make any offer or agreement before the expiry of the said power which would or might require equity securities to be allotted after the expiry of the said power and the directors may allot equity securities in pursuance of such offer or agreement notwithstanding the expiry of such power.

And this power, unless previously varied, revoked or renewed, shall come to an end at the conclusion of the annual general meeting of the company next following the passing of this Resolution or, if earlier, on the expiry of 15 months from the passing of this resolution.

Notice of Annual General Meeting (continued)

8. AUTHORITY TO MAKE MARKET PURCHASES

THAT the company be and is hereby generally and unconditionally authorised to make market purchases (within the meaning of Section 163(3) of the Companies Act 1985) of ordinary shares of 10p each in the company ("ordinary shares") provided that:

- (a) the maximum number of ordinary shares so authorised to be purchased shall not exceed 10.0% of the present issued Ordinary share capital of the company;
- (b) the minimum price which may be paid for an ordinary share shall be 10p;
- (c) the maximum price, exclusive of expenses, which may be paid for an ordinary share is an amount equal to 105 per cent of the average of the middle market quotations for an ordinary share taken from the London Stock Exchange Daily Official List for the five business days immediately preceding the day on which the ordinary share is contracted to be purchased;
- (d) the authority conferred comes to an end at the conclusion of the next annual general meeting of the Company or upon the expiry of 15 months from the passing of this resolution, whichever is the later; and
- (e) that the company may enter into a contract to purchase its ordinary shares under this authority prior to the expiry of this authority which would or might be completed wholly or partly after the expiry of this authority.
